TOKYO RADIATOR MFG. CO., LTD.

Notice Concerning New Orders

As part of the "Growth Strategy" of the medium-term management plan "TRS Vision-2025" announced in May 2021, we have been developing heat exchanger products for NEV* to realize a carbon-neutral society.

As part of this activity, we would like to inform you that our radiator products are installed in the "ERGA EV", Japan's first BEV* flat-floor route buses which has been sold by Isuzu Motors Co., Ltd.

*NEV: New Energy Vehicle

*BEV: Battery Electric Vehicle

1 Order details

We have received an order from Isuzu Motors Co., Ltd. for parts for the "ERGA EV" BEV flat-floor route buses.

2 Product Overview
